Fax: (614) 564-2421  
E-mail: [BCHS@odh.ohio.gov](mailto:BCHS@odh.ohio.gov)

## Safety Net Dental Care Programs in Ohio

**Safety Net Dental Care Programs** provide clinical dental services and generally are operated by local health departments, community health centers, hospitals and other organizations that serve the community. Ohio has approximately 140 programs that provide basic dental services and 13 programs that offer only preventive care. **Safety Net Dental Care Programs** participate in Medicaid and Medicaid Managed Care Plans and offer sliding fee schedules, reduced fees or free care to clients who are uninsured and have low incomes.

This brochure lists **Safety Net Dental Clinics** in Ohio alphabetically by county and city and serves as a quick reference for making referrals to these programs. Clinics may offer preventive services only (examinations, x-rays, cleanings and dental sealants), or oral surgery only (extractions), while some clinics only provide dental services to a specific population (homeless, children, etc.). All of these clinic types are noted in the clinic name or in parentheses beside or under the clinic name. All other safety net dental clinics provide basic dental care which includes examinations, x-rays, fillings, extractions, partials, dentures, root canals, cleanings and emergency dental care.\*

\*Not all clinics provide all of these services. Clients should call individual programs for details.

Visit the [www.health.ohio.gov/odh](http://www.health.ohio.gov/odh) for additional dental care resources.
